He attacked to religious in a stacked to said that his party had no policy for one sections affike. ed States will send her armies and mayies to see that they are observed." "The controversy between Senator Senntor

The controversy between Senator Forencer and the president has been interesting," said Senator Borah, "not so much because it may illustrate the fullibility of memory, but because it shows how this leasure looks when you begin to view it in its practical workings.

"When they tell us that the league will can peace, everybody wants peace and as favors the league? But when you turn from theory to fact and see it obligates out to send our boys across the sea, our army and our navy, it creates an uproar of disapproval and hastens explanations and denials. Yet that is precisely what the league in its practical workings. the league in its practical workings ambiguities."

There are two things stated in the ECKHARD H. VON SCHACK speech President Wilson put out as authoritative which statain every charge we have ever made against this gigantic autocracy based on force. The first state-ment reads as follows: 'And Sack of the allied and associated powers guaran-

"How are you going to maintain them except by sending site array and savy across the sea? We have first the solution guarantee of the allied and associated powers to maintain all decisions and all decisions are all to the train by prisoner guards and gave his destination as Washington, D. C. He was provided and all decisions and all decisions and all decisions and all decisions are all to the train by prisoner guards and gave his destination as Washington, D. C. He was provided after serving d part of his destination as washington, D. C. He was part to solve a solve and all destination as washington, D. C. He was part to solve a solve and all destination as washington, D. C. He was part to solve a s all boundaries. As to how we are go-ing to do this is answered by the presi-dent himself in another place in the same speech in which he says: "If any covenspeech in which he says: 'If any covenants of this settlement are not observed the United States will send her armies and navies to see that they are observed to "We must not close our eyes. Several a persons were wounded. The the fact that in the last analysis the military dispersed the combatants.
